Our Roadmap
From Cradle to Career

Early childhood wellness
Ready for kindergarten
Reading at grade level by 3rd grade
Social and emotional skills
Graduation and self-sufficiency

unitedwayshr.org/united-for-children
We LIVE UNITED, for children.

WHAT WE DO:
• Improve opportunities for all children to succeed
• Combat summer learning loss
• Create smooth transitions between grade levels
• Connect children to preventive health services
• Knock down everyday barriers to education with our Student and Family Needs Funds
• Support teachers and students in our local schools
• Create safe spaces for learning and enrichment with neighborhood summer camps
• Deliver innovative literacy programs with one on one tutoring

WE WILL BE SUCCESSFUL WHEN:
• Infants and toddlers have the support to overcome early developmental delay
• Young children are socially, emotionally and intellectually prepared for kindergarten
• 100% of students are reading and on track by third grade
• They are ready for success in the workforce or in college, strengthening our community
